

MAINE-ANJOU SOCIETY Ltd

Newsletter Winter-Spring 2018

FROM THE SECRETARY'S DESK

Welcome to the spring newsletter for 2018. Hopefully our members have been able to keep the cattle going in such a long and far reaching drought.

We have had a busy year with Melbourne Royal, Canberra, Sydney and Bathurst Royals as well as Lardner Park Field Days. The shows were well supported and special thanks must go to our enthusiastic members for presenting their cattle in great condition. A lot of interest in our breed has come out of the shows and Lardner Park. Once again we have booked Lardner Park for 2019.

Melbourne Royal is coming up at the end of September and entries for Canberra and Sydney will be out around November. Once again we need over 20 head to remain in category C for Sydney. Last year 22 head were exhibited and it would be great to see this again next year.

Special thanks must also go to both the Uandi and Rosewrod studs for donating steer proceeds from carcass competitions to the Society. This has gone a long way to paying for our new web site design.

Talking of web sites this should be up and running in the next six weeks and I'll keep all members updated with the progress.

At the recent AGM members were able to have a look as well as input into the design of the new site and what they wanted to see in it.

I would also like to take this opportunity to welcome Glenn Dwyer as our new Chairperson and thank Doug Hargrave for all his hard work during his long reign as Chairperson. Doug has been very active behind the scenes and has supported members at shows in both NSW and Victoria. Last but not least to Doug's wife, Lucille, thank you for your support and wonderful scones over the years.

Finally, a special thank you to Michaela Rea who has done a great job with the newsletter and has now handed the reins over to Scott Costello. Hopefully we don't scare Scott too much and I ask members to send news or ads to Scott at wattle.grove.maines@hotmail.com

THE MAINE ANJOU BEEF CATTLE **BREED RETURN TO EXHIBIT** **@** **“FARM WORLD” LARDNER PARK** **VICTORIA**

After an absence of several years and thanks to the efforts of the Maine Anjou Society Limited. The Maine Anjou Beef Cattle Breed returns to Gippsland premier field day event with great success.

“FARM WORLD 2018”
April 12th, 13th, 14th & 15th.

The Farm World event spans 4 days held in Victoria's spectacular Lardner Park Exhibition facility. The event drew visiting cattle enthusiasts to the Maine Anjou exhibit from as far away as King Island and Northern New South Wales.

The event features a large representation of beef cattle breeds and many exhibitors celebrated successful sales. New to the event and finding their feet the Maine Anjou group were overwhelmed at how warmly the other breed exhibitors welcomed them in to the Beef cattle exhibitors fold. This well run, family orientated event see's exhibitors are well looked after.

The group began preparations for the event several months in advance with a visit in October 17 to the site. A site was then applied for and planning began. The display cattle were decided upon, pens sourced and promotional material gathered. Sharon and Mario of Kandina Maines worked tirelessly before the event cleaning up the site, emptying the storeroom and removing old bedding from the pens. Sharon then set up the additional yarding and spread out the fresh sawdust the site looked great. Kaz of Morham Maine's and Michaela of Heartland Mains arrived on the Wednesday the 11th with Cow, Calf and Heifer in tow to a well prepared site thanks to Kandina Maines. Wednesday afternoon the team collected Kandina Maines 2 yearling bulls for the exhibit bringing the number of Maine An-jou on display to 5 including the calf.

The cattle on display were beautifully presented, with Kandina Maines Dareau and Calan providing endless opportunities for Bull patting and Morham Maine's Rouge Fleur and her calf lapping up their share of attention too. Small children to old seasoned farmers just could not resist the opportunity to give a cow a pat and this event allows for visitors to get up close and personal with the Maines and do just that. Visitors to the exhibit showed a keen and enthusiastic interest in the breed and the event definitely lifted breed awareness. Over the 4 days the Maine breeders talked to hundreds of people about the breed, the studs and the society while giving out lots of breed promotional information packs. The group met several past and present Maine Anjou owners who expressed their pleasure in seeing the breed return to the event and established lots of good future contacts from small acre farmers with young families looking for a few cows to raise with the kids to commercial King Island beef producers looking for Bulls and replacement heifers.

It was a hard but rewarding work, a long 5 days for the group and their cattle. However, the group still found time for socialising on the Friday night as Lardner Park hosted an exhibitors gathering providing drinks, finger food and networking opportunities. On Saturday night our group attended the informal Beef Exhibitors Dinner hosted by the Simmental Exhibit and in true country form BYO bebies and something to contribute to the meal in exchange for Bonfire and camaraderie. What a great night .The event closed on the Sunday around 4 pm and the exhausted group packed up and headed home looking forward to attending the 2019 Farm World Event

2018 ROYAL SHOW RESULTS **FOR MAINE-ANJOU** **CLESSES**

2017 MELBOURNE SHOW

Results:

MAINE ANJOU FEMALE, 12 TO 16MTHS
